Community Dumpster Request

33 messages

Aviv Kleinman <aviv.kleinman@lacity.org>
To: Bladimir Campos <bladimir.campos@lacity.org>

Mon, Mar 12, 2018 at 11:25 AM

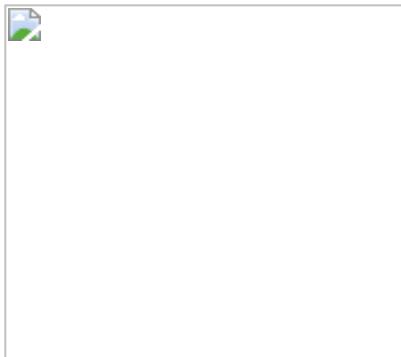

Hello Bladimir,

Thank you for taking my call today.

We received a request by a synagogue community for a dumpster for 1 day on March 30, in preparation for the Passover holiday. The content will only be food items. They said it would be ideal to have on one of the side streets near Ventura/White Oak in Encino. You mentioned over the phone that it would probably be complimentary. The request was made by Rabbi Horowitz, 818-793-3805. Please call him when you can to learn more information if you have any questions.

Thank you,

Aviv Kleinman

Good Morning Aviv,

Thank you for helping us out with this.

Here is the application -- would you mind taking a look to make sure it is filled out correctly?

In terms of placing the dumpster -- Zelzah is a wide street next to Ralphs which has several parking meters. That part of the street is very convenient for people to reach, and I don't think we would be in anyone's way. Do you think we would be able to have it delivered there? Otherwise, perhaps more south on the street, next to the football field of Crespi Highschool, there also seems to be ample space. Your thoughts?

Thank you,

Rabbi Horowitz

<james.e.moore@lacity.org>, Janice Murray <janice.murray@lacity.org>

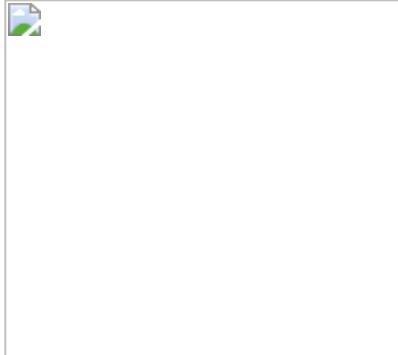

That's excellent, thank you very much for your assistance.

I believe that the applicant did not specify an address because he was not sure where in that general area would be most unobtrusive and efficient. I just spoke to him and he clarified that the east side of Zelzah between Santa Rita and Ventura would be best. If a dumpster can occupy a meter space, that would work, otherwise there are non-metered spaces on that block.

He said 7 am would be fine. Does someone need to be there to receive the dumpster?

Thank you,

Aviv Kleinman

To: Aviv Kleinman <aviv.kleinman@lacity.org>

Hi Aviv,

I hope this email finds you well. This is Rabbi Dovid Horowitz from the West Valley. Last year you were kind enough to help us secure a Community Dumpster for erev Pesach so that people could discard their chometz before the Holiday started. It worked out very well last year, and the people were very grateful. I was hoping that we would be able to procure the same arrangement again for this year.

Erev Pesach is Friday April 19th this year. We would need it from about 6am-12pm if possible.

I thank you in advance for your assistance and please let me know what you need from me.

All the best,

Rabbi Dovid Horowitz

Hi Aviv,

Thank you for your speedy service.

I had one question regarding the size of the bin -- last year it was very tall and made it difficult for people to get into (a lot of climbing, etc...) what size bin would be the same dimensions but not as tall?

Thank you

Good morning Bladimir,

Thank you so much for all of your help in procuring the dumpster for the Jewish Community -- we really appreciate it.

I had one question: last year the dumpster was very tall and it was hard for some people to reach the top -- is there another dumpster that has similar dimensions without as much height?

Thank you again.

All the best,

Rabbi Dovid Horowitz

Greetings Mr Horowitz

Roll off has doors. We only have to capacities available, 30 / 40 cubic yards. Height for both is the same.

Hi Bladimir and Aviv,

I hope this finds you well.

I just wanted to confirm that we all set for the large dumpster for Friday April 19th?

Thank you for all of your help. Our community is very appreciative.

All the best,

Rabbi Dovid Horowitz

Hi Everyone...thank you for helping me make Pick Pico be a big success for the community this year!...a clean event is a happy event right?? :)

I was circling back in my emails and just wanted to be sure we were good to go with the package and scheduling and payment....from a sanitation and CD5 perspective.

Please let me know if there is anything more I need to do.

Many Thanks

Lisa Morocco

Subject: Homeless encampment in front of local businesses, Cotner and Massachusetts

To: <paul.koretz@lacity.org>

Cc: <joan.pelico@lacity.org>, <jay.greenstein@lacity.org>

Dear Council-member Koretz,

I've attached an image of a homeless encampment which has been in front of our businesses for over 6 months. We have called 311 repeatedly (you can follow up to see how many calls all of our businesses have made continually reporting this). The site was cleaned up in early January after over 90 days of 'due process' beginning in late September, only to be rebuilt 3 days later like nothing ever happened. We have since called numerous times.

I would have taken a closer photo, however, the person's occupying the illegal building/encampment are prone to retaliate and have against the local businesses.

Our neighbors who continually clean up the street and hire security to patrol the area have had feces thrown at their building and windows broken.

I have seen fire pits and BBQ's being used, hammers being thrown, basketball hoop and basketball being played in the middle of traffic, thrown over carts, excessive amounts of trash and clothing strewn about including feces on the sidewalks we all use.

This is becoming a very scary environment that is hurting our businesses not to mention the health hazards that this type of prolonged living environment creates for the surrounding area.

If your office can look into and let us know what more we can do or what you, as our local representative can do to clean up this issue.

I also suggest that this area be planted with native cactus and large cement boulders be laid to detour future camping in this site.

Look forward to hearing from you soon

Best,

Mahana Ray

Hello Jasmine,

As a follow up to Mahana's email, I have attached a few additional pictures. The other side of the structure has an overwhelming amount of trash that continues to accumulate daily. I will forward pictures if/when I am able to capture

them. As Mahana said, we have to do it discreetly for fear of retaliation.

Do you know when the clean up is scheduled?

Thank you,
Vanessa

Jasmine,

Thank you for the update. All of the business owners in the area are looking for a permanent way to prevent this type of environment. I understand the issues involved, however, the idea that they have build a structure with a door and are out there painting and adding to it are quite unnerving and frustrating to everyone in the area. I would love to see barriers to building a structure like cement rocks and native plants that will deter persons from this area and the accumulation of trash and other items. If there are things we can do I am willing to ask all the businesses for assistance or ideas in order to get something that will help this situation.

Have a great weekend!

Best,

Mahana

On Fri, Feb 15, 2019 at 2:01 PM Jasmine Shamolian <jasmine.shamolian@lacity.org> wrote:

Hi Mahana,

Thank you for your email. Please feel free to reach out to me directly regarding this location. I have asked Sanitation to schedule the area for a clean-up. This location is actually on our list to regularly be serviced, unfortunately the folks are always returning to the location after the clean-up.

Please let me know if you have any questions.

Best,

Jasmine

On Fri, Feb 15, 2019 at 1:57 PM mahana coleman <mahana360@gmail.com> wrote:

Jasmine,

Please see my email below I sent in late January. I have called several times and spoke with Samantha, I tried sending her the email, however, it keeps getting bounced back.

Since sending this email they now have a small house built which includes a door, window, and the other day they were out painting it. It has become increasingly frustrating as this affects our businesses. There is increasingly more trash.

Please let me know what else can be done.

Hello Jasmine,

The police and sanitation have been here numerous times over the past week yet he still continues to build and occupy the space, see pic attached. There is still an exorbitant amount of trash even with the recent clean ups. There has also been more vandalism, last night a large window was broken in our neighbor's building. We look forward to hearing any possible solutions you may have.

And, yet again, I ask when additional clean up will take place.

Thank you,

Hello Jasmine,

Our neighbors property was vandalized last night, pictures attached. It is becoming a serious problem to continue to allow these transients to live here. The man who lives in the structure was arrested last night after this happened and we are concerned that the retaliation will continue once he is released. Hoping the clean up is on schedule.

Also, we've mentioned needing a permanent solution in this section of the street. Has there been any discussion in this regard? We are all spending too much time, money, and effort dealing with this situation.

Thank you,
Vanessa

On Thu, Feb 28, 2019 at 9:59 AM Sydney Harbour Paint Company <admin@shpcompany.com> wrote:

Hello Jasmine,

Any updates on the cleanup? The occupants have become increasingly comfortable and are now displaying items along the retainer wall not to mention the mounting trash, shopping carts, etc.

Also, on Saturday evening our store was vandalized, see pictures attached. We do not know if there is a connection yet, our neighbors are checking their security cameras, but as we have reiterated we do not feel safe in our own space/neighborhood. Allowing these transients to live around here without consequence is at the detriment of our businesses.

Thank you,
Vanessa

Hi Sydney,

Thank you for the photos, they are very helpful, however please do not take photos if you do not feel safe. I will find out when it is scheduled to be cleaned-up.

Best,

Jasmine

Hi Joseph,

I requested that this authorization remain open since we were unable to service the area on the day of the clean-up.

190107022 - 1544 COTNER AVE, 90025

If there is another joint clean-up with CALTRANS, I will loop in Renee who coordinates the joint clean-ups on behalf of LASAN.

Thanks,

Leon Ho

Hi Bladimir,

We just received a call from a constituent reporting illegally dumped headboards (2) plywood and a lot of trash on the east side of Balboa between McCormack and Clark -

Can you please have someone pick up when possible.

Thanks so much.

Subject: SAN ALB at 8250 Melrose Ave

To: Bladimir Campos <bladimir.campos@lacity.org>

Cc: Audrey Netsawang <audrey.netsawang@lacity.org>, Mike Ahmadi <mike.ahmadi@lacity.org>

Hi Bladimir,

We're trying to resolve a complaint received from the property owner at [8250 Melrose \(southwest corner of Melrose and Harper\)](mailto:8250 Melrose (southwest corner of Melrose and Harper)) who has been complaining about the smells at the bus stop there.

Because of that, we'd like to request that LASAN remove its ALB at that location for several months to see if that helps to alleviate some of those concerns. We'll be power washing the sidewalks a couple of times a month to address any spills that might arise from our bus bench; we believe that by removing the ALB and power washing things out there more frequently, that we'll be able to alleviate a majority of those concerns.

Thank you in advance for your assistance with this request.

Best regards,

Lance Oishi

Hi Bladimir,

Our preference would be to remove the receptacle altogether. We understand that it's an active bus stop. What we've found with our own Bus Bench Program receptacles is that when we remove the receptacle, the problems with illegal dumping and litter around our furniture goes away so we'd like to see if we can achieve the same results at this location by having LASAN's receptacle removed. If the noted site challenges continue without the ALB being there, then we can call our little experiment a bust and get the ALB reinstalled there.

Thank you again for your assistance with this request.

best regards,

Lance Oishi

On January 17 I call 311. Here's the reference number 1 - 1274469311.

Nothing has been done about this dangerous public safety issue.

If you could please take care of this situation immediately. As well if you could figure out a long-term solution to this problem. I brought up this issue when we had a meeting. Nothing has been done about it.

Thank you for your help and have a wonderful day.

Joseph,

The long term solution to this standing water issue needs to be addressed by the Bureau of Street Services. There are two extremely large trees in the parkway that have damaged the curb, gutter and street. This damage is not allowing the water to flow as designed. Until these trees are addressed this problem will be on-going.

They did a half job yesterday.

Since you're the field supervisor why don't you come down and look for it by yourself . Why don't you come down to my block and see if you would like to live on this block.

How come city government has no oversight nobody takes full responsibility

There's no accountability.

Standing water is a health hazard it's dangerous.

This issue needs to be fixed immediately I cannot wait until next budget year to fix it.

We had a meeting two years ago about this and nothing was done to fix the problem.

This is a quality of life issue a safety issue.

You're treating it like it's pavement problem that could be fixed whenever they get around to it.

This morning the water is worse.

There seems to be a leak. Besides the rainwater..

These pictures are from today.

Hey Sherman and Kelly,

Brian McCormick mentioned that BSS is responsible for repairing the curb, gutter, and street damage due to the trees at 1144 S > La Peer. So long as the trees are at this location, the curb, gutter and street cannot be repaired and we will continue to receive complaints from the constituent:

Hi Joseph,

Until an inspection of any location has been made, it cannot be determined what the Bureau of Street Services is responsible for.

We will have the location inspected and determine cause of the standing water.

From looking at the pictures provided, another determination which will need to be addressed is the tree which seems to be the cause of all the damage.

I will send a request to UFD for one of their experts to conduct an assessment and determine if any repairs can be made without affecting the tree.

Please let me know if you have any questions.

Thanks

Joseph,

This provides a whole new light on this subject. Clearly the fire hydrant and light pole at the corner of Pico and LaPeer were recently damaged and their is no hydrant at the location right now. It is clear that the fire hydrant is leaking water and until that is addressed our efforts to remove the water will not resolve the problem. D.W.P. needs to address the leaking hydrant before we send any more resources to the location to remove the water.

This is a problem city wide- we do not budget for these curb repairs. There are a ton in the district and usually only get resolved during resurfacing of a street. Joesph can you please check when the last time it was resurfaced? Maybe we request it be on next years plan.

It's okay. I've learned that the street has not been resurfaced since 1/1/1952. The reason being the tree roots needing to be assessed. This seems like a dead end considering UF won't remove roots or trees that are healthy. The street is in terrible shape. Standing water remains on the east side of the street.

The ladwp is here and they fix the leak.

I called yesterday and today the street services to get the street vacuumed up.

They didn't show up.

Next to the hole where the water was coming out there is Live wire from a light that was hit when there was an accident there 3 months ago.

The man fixing the water said he doesn't fix the wire that's a different department.

How dysfunctional is the city. If this is what's going on on my block. I'm sure this is what's going on throughout the city. I thought the idea of local Representatives from the city council. Is to get things done. Not to hide behind procedures and policies.

Why do I have to waste my time calling and fighting with City agencies.

When we had our meeting two years ago I thought I can get back to my business. But the city council and all their other agencies did not take care of the problem. Why is it my job to make sure you do your job.

To: Jeff Gutierrez <jeff.gutierrez@lacity.org>

Jeff,

I inspected 1100 S block of Lapeer Dr (Pico blvd to Whitworth Dr). Melaleuca species trees in parkway can be root pruned for needed street repair. Stagnant water is due to street not having proper inclination.

Jeff Gutierrez <jeff.gutierrez@lacity.org>

Hi Joseph,

Until an inspection of any location has been made, it cannot be determined what the Bureau of Street Services is responsible for.

We will have the location inspected and determine cause of the standing water.

From looking at the pictures provided, another determination which will need to be addressed is the tree which seems to be the cause of all the damage.

I will send a request to UFD for one of their experts to conduct an assessment and determine if any repairs

can be made without affecting the tree.

Please let me know if you have any questions.

Thanks

Since you're the field supervisor why don't you come down and look for it by yourself . Why don't you come down to my block and see if you would like to live on this block.
How come city government has no oversight nobody takes full responsibility
There's no accountability.
Standing water is a health hazard it's dangerous.
This issue needs to be fixed immediately I cannot wait until next budget year to fix it.
We had a meeting two years ago about this and nothing was done to fix the problem.
This is a quality of life issue a safety issue.
You're treating it like it's pavement problem that could be fixed whenever they get around to it.
This morning the water is worse.
There seems to be a leak. Besides the rainwater..
These pictures are from today.*

Is there anything that Public Works can do to address this issue? This constituent will ask to meet with the Councilmember again and he will likely want BSS to respond to this.

Joseph,

The long term solution to this standing water issue needs to be addressed by the Bureau of Street Services. There are two extremely large trees in the parkway that have damaged the curb, gutter and street. This damage is not allowing the water to flow as designed. Until these trees are addressed this problem will be on-going.

Hey Keith and John,

I received an email from Jeff Gutierrez of UF below stating that BSS can proceed with resurfacing of the street. As you may recall, we learned that this street has not been resurfaced since 1/1/1952. The reason being that the tree roots needed to be assessed. Now that the assessment is complete and verified by UF, can BSS proceed with resurfacing the street?

Malcolm Ave. between W. Olympic Blvd. and Santa Monica Blvd. is on the proposed 2017-2018 Resurfacing List, according to the BSS website. However, this segment of Malcolm Ave. is in fair/good condition with two of the blocks being slurred within the last 4 years. Can a portion of the miles go towards the 1100 block of La Peer instead of Malcolm Ave.?

Please let me know your thoughts.

You're treating it like it's pavement problem that could be fixed whenever they get around to it.

This morning the water is worse.

There seems to be a leak. Besides the rainwater..

These pictures are from today.

Is there anything that Public Works can do to address this issue? This constituent will ask to meet with the Councilmember again and he will likely want BSS to respond to this.

Subject: Re: Street water hazard

To: Joseph Galloway <joseph.galloway@lacity.org>

Joseph,

The long term solution to this standing water issue needs to be addressed by the Bureau of Street Services. There are two extremely large trees in the parkway that have damaged the curb, gutter and street. This damage is not allowing the water to flow as designed. Until these trees are addressed this problem will be on-going.

I'll call you back when I'm in the office, Jeff. Ron, we aren't suggesting tree removal but pruning. Debbie wanted to know why pruning is not needed even though BSS wasn't allowed to resurface the street for over 50 years due to the tree roots creating the pooling. Our office agrees that the tree should remain and not be removed.

Hey Sherman and Kelly,

Brian McCormick mentioned that BSS is responsible for repairing the curb, gutter, and street damage due to the trees at [1144 S](#) [La Peer](#). So long as the trees are at this location, the curb, gutter and street cannot be repaired and we will continue to receive complaints from the constituent:

Menachem Gottlieb

Attachments

1:04 PM (26 minutes ago)

to paul.koretz, me

They did a half job yesterday.

Since you're the field supervisor why don't you come down and look for it by yourself . Why don't you come down to my block and see if you would like to live on this block.

How come city government has no oversight nobody takes full responsibility

There's no accountability.

Standing water is a health hazard it's dangerous.

This issue needs to be fixed immediately I cannot wait until next budget year to fix it.

We had a meeting two years ago about this and nothing was done to fix the problem.

This is a quality of life issue a safety issue.

You're treating it like it's pavement problem that could be fixed whenever they get around to it.

This morning the water is worse.

There seems to be a leak. Besides the rainwater..

These pictures are from today.

Is there anything that Public Works can do to address this issue? This constituent will ask to meet with the Councilmember again and he will likely want BSS to respond to this.

If we can do the resurfacing without root pruning that is great. But if we need to root prune, we just want to do it when we resurface so we don't have a big stretch between the two actions- and minimize the City's financial outlay. We just want clarification of how to make this happen in a quick manner.

Thanks so much

On Wed, Feb 6, 2019 at 2:48 PM Joseph Galloway <joseph.galloway@lacity.org> wrote:

I'll call you back when I'm in the office, Jeff. Ron, we aren't suggesting tree removal but pruning. Debbie wanted to know why pruning is not needed even though BSS wasn't allowed to resurface the street for over 50 years due to the tree roots creating the pooling. Our office agrees that the tree should remain and not be removed.

On Wed, Feb 6, 2019 at 2:33 PM Ronald Tull <ron.d.tull@lacity.org> wrote:

As inspected, these trees do not need to be removed for the scope of work required as present to UFD. Tree preservation is our goal. There are no exceptions to this.

On Wed, Feb 6, 2019 at 1:42 PM Jeff Gutierrez <jeff.gutierrez@lacity.org> wrote:

Joseph,

I just called you and left a message. I will try again later to explain.

On Wed, Feb 6, 2019 at 11:00 AM Joseph Galloway <joseph.galloway@lacity.org> wrote:

Hey Jeff,

I just spoke with Debbie. We don't want the roots to cause more ponding water and raise the asphalt. If we resurface it's likely this will continue. Why is it that UF is okay with resurfacing but not pruning first? We just want to understand this issue better. We want to get this done in one fell swoop.

On Tue, Feb 5, 2019 at 9:26 AM Jeff Gutierrez <jeff.gutierrez@lacity.org> wrote:

Joseph,

BSS can proceed with the resurfacing. The tree(s) will not be impacted. Thank you.

Jeff,

I inspected 1100 S block of Lapeer Dr (Pico blvd to Whitworth Dr). Melaleuca species trees in parkway can be root pruned for needed street repair. Stagnant water is due to street not having proper inclination.

Hey Sherman and Kelly,

Brian McCormick mentioned that BSS is responsible for repairing the curb, gutter, and street damage due to the trees at **1144 S > La Peer**. So long as the trees are at this location, the curb, gutter and street cannot be repaired and we will continue to receive complaints from the constituent:

Menachem Gottlieb

Attachments

1:04 PM (26 minutes ago)

to paul.koretz, me

They did a half job yesterday.

Since you're the field supervisor why don't you come down and look for it by yourself. Why don't you come down to my block and see if you would like to live on this block.

How come city government has no oversight nobody takes full responsibility

There's no accountability.

Standing water is a health hazard it's dangerous.

This issue needs to be fixed immediately I cannot wait until next budget year to fix it.

We had a meeting two years ago about this and nothing was done to fix the problem.

This is a quality of life issue a safety issue.

You're treating it like it's pavement problem that could be fixed whenever they get around to it.

This morning the water is worse.

There seems to be a leak. Besides the rainwater..

These pictures are from today.

Is there anything that Public Works can do to address this issue? This constituent will ask to meet with the Councilmember again and he will likely want BSS to respond to this.

----- Forwarded message -----

From: **Brian McCormick** <brian.mccormick@lacity.org>
Date: Thu, Jan 24, 2019 at 6:19 AM
Subject: Re: Street water hazard
To: Joseph Galloway <joseph.galloway@lacity.org>

Joseph,

The long term solution to this standing water issue needs to be addressed by the Bureau of Street Services. There are two extremely large trees in the parkway that have damaged the curb, gutter and street. This damage is not allowing the water to flow as designed. Until these trees are addressed this problem will be on-going.

Jeff,

I inspected 1100 S block of Lapeer Dr (Pico blvd to Whitworth Dr). Melaleuca species trees in parkway can be root pruned for needed street repair. Stagnant water is due to street not having proper inclination.

Hey Sherman and Kelly,

Brian McCormick mentioned that BSS is responsible for repairing the curb, gutter, and street damage due to the trees at [1144 S > La Peer](#). So long as the trees are at this location, the curb, gutter and street cannot be repaired and we will continue to receive complaints from the constituent:

Attachments

1:04 PM (26 minutes ago)

to paul.koretz, me

They did a half job yesterday.

Since you're the field supervisor why don't you come down and look for it by yourself. Why don't you come down to my block and see if you would like to live on this block.

How come city government has no oversight nobody takes full responsibility

There's no accountability.

Standing water is a health hazard it's dangerous.

This issue needs to be fixed immediately I cannot wait until next budget year to fix it.

*We had a meeting two years ago about this and nothing was done to fix the problem.
This is a quality of life issue a safety issue.
You're treating it like it's pavement problem that could be fixed whenever they get around to it.
This morning the water is worse.
There seems to be a leak. Besides the rainwater..
These pictures are from today.*

Is there anything that Public Works can do to address this issue? This constituent will ask to meet with the Councilmember again and he will likely want BSS to respond to this.

Subject: Re: Street water hazard
To: Joseph Galloway <joseph.galloway@lacity.org>

Joseph,

The long term solution to this standing water issue needs to be addressed by the Bureau of Street Services. There are two extremely large trees in the parkway that have damaged the curb, gutter and street. This damage is not allowing the water to flow as designed. Until these trees are addressed this problem will be on-going.

Jeff,

I inspected 1100 S block of Lapeer Dr (Pico blvd to Whitworth Dr). Melaleuca species trees in parkway can be root pruned for needed street repair. Stagnant water is due to street not having proper inclination.

Hey Sherman and Kelly,

Brian McCormick mentioned that BSS is responsible for repairing the curb, gutter, and street damage due to the trees at [1144 S > La Peer](#). So long as the trees are at this location, the curb, gutter and street cannot be repaired and we will continue to receive complaints from the constituent:

Subject: Re: Street water hazard
To: Joseph Galloway <joseph.galloway@lacity.org>

Joseph,

The long term solution to this standing water issue needs to be addressed by the Bureau of Street Services. There are two extremely large trees in the parkway that have damaged the curb, gutter and street. This damage is not allowing the water to flow as designed. Until these trees are addressed this problem will be on-going.

Hey Gerald,

I hope you are having a great week. A constituent submitted SR# 1-1274469311 for the standing water shown below. The request was closed, the constituent was not notified, and the water is still standing. Can LASAN remove the standing water?

On January 17 I call 311. Here's the reference number 1 - 1274469311.

Nothing has been done about this dangerous public safety issue. If you could please take care of this situation immediately. As well if you could figure out a long-term solution to this problem. I brought up this issue when we had a meeting. Nothing has been done about it.

Thank you for your help and have a wonderful day.

Cc: Jasmine Shamolian <jasmine.shamolian@lacity.org>, Diana Gonzalez <diana.gonzalez@lacity.org>, Joseph Galloway <joseph.galloway@lacity.org>

Hi Jasmine,

Unfortunately, we can't view the photos because they're in a .heic format and these desktops can't read them. For future submissions, kindly send .jpg or .png files. Fortunately, we found preexisting SRs and have created the authorization:

190228006 - 1260 S VETERAN AVE, 90024

The photos provided in these SRs indicate that there are encampments in the parking lot of an apartment complex so bear in mind that LAMC 56.11 does not authorize LASAN to clean private properties. So we can only authorize for a

clean-up of the public right of way.

Thanks,

Leon Ho

Cc: Bladimir Campos <bladimir.campos@lacity.org>, Diana Gonzalez <diana.gonzalez@lacity.org>, Joseph Galloway <joseph.galloway@lacity.org>

Hi Leon,

Thank you for looking into this. Please see attached here for the photo. The encampments in the photos are actually within Federal jurisdiction and the City has cleaned-up the area many times. I have been working with Capt Torres who has asked me to submit the request to Sanitation so that he can coordinate with the Feds.

Hi Joseph,

I think Paul Seo worked with you last year on the LA City Sanitation request. I submitted this via the online BSS portal weeks ago, but is there an additional point-of-contact I should reach out to to ensure this is approved?

Any info you have would be greatly appreciated.

Thanks,
Justine

Wed, May 8, 2019 at 8:23 PM

Hi Joseph, how are you?

Thank you for the follow up. It is first time I receive request and LASAN and Environment will gladly assist.

Per Council, applicant needs to submit payment to BSS portal using Event Reference number indicated in Billing Info Section, up to 60 days after event completion..

We, LASAN, will enter our service fee in BSS portal.

Justine

How are you? Please clarify if request includes optional staffing. If not, delivery must be done on a Friday and pick up on a Monday. If so, containers need to be storage in a safe and locked area.

Kevin

After clarification is received, please enter service fee in BSS portal. Thank you.

Catherine

Please add event in calendar. Thank you.

With kind regards,

Bladimir Campos
LA Sanitation and Environment!

Hi Justine

If no storage is available, you definetly need to request additional staffing. Fee is indicated in form.

Be minded, applicant is liable for any lost or stolen container at \$175 a piece.

Secondly, please clarify which package is needed. You are indicating package I and D.

Best regards,

Hi Bladimir,

My apologies. We will need only package I. The other selection was an error. How many bins will be provided?

Thank you,
Justine

Hello Kimberly. Thanks for letting me know about this event. I am sorry Robert did not respond to emails. However, our Deputy District Director who handles special event requests like this, and also reps the Hamilton HS area, is Joseph Galloway, copied here. He is the best person to handle all of these requests.

On Wed, Feb 20, 2019 at 10:26 AM Kimberly Morosi <kimberly.morosi@lacity.org> wrote:

Hi Debbie,

Hope you're well! Would you be able to assist with the below requests? Veronica and I had a meeting with Hamilton High, and these are requests stemming from the parents, staff, and students' concerns. Any support you can provide would be greatly appreciated. Thank you in advance.

Best,
Kim

Kimberly,

Thank you so much for connecting us!

Hi Robert,

We have met in Carthay Circle - nice to reconnect at Hamilton High, the CM's alma Mater :)

As Kimberly mentioned, we are gearing up for a beautification day on Saturday, February 23rd and wonder if it might be possible to advertise this event in your newsletter, etc?

Also, might you have a chance to visit the school in the near future and meet briefly regarding the tree issue Kimberly mentioned?

If it is easier - I could email you photos. There are very large, mature Ficus trees along Robertson Blvd that have buckled the sidewalk in front of the school - creating a hazardous approach to the school's main building.

We love the trees, but wonder if there may be resources available to remove some of the roots and make repairs the sidewalk? This is definitely a tall order, but we have ask as it is a serious hazard.

Thank you and best,

Teresa Dahl

On Feb 6, 2019, at 1:29 PM, Kimberly Morosi <kimberly.morosi@lacity.org> wrote:

Hi Robert,

Happy New Year! I hope you've been well. I'm reaching out hoping your office might be able to extend some help to Hamilton High's Beautification Team for their upcoming Beautification Day. OCB will be lending out tools, but Hamilton is hoping you can assist with coordinating SAN to pick up the trash bags after the event. A question about tree maintenance came up, and I thought your office might be able to explain whether or not the city is able to assist with that request.

I have copied Teresa, the head of their Beautification Committee, on this email in case she can provide further details that would be helpful. Their beautification event is scheduled for Saturday 2/23. Thank you in advance for any support and/or insight you might be able to provide, Robert.

Best,

Hi Kimberly,

It's unlikely that Urban Forestry will want to do anything with these trees since they are healthy albeit it's causing a serious pedestrian issue. Can you please send photos to us that we can send to Engineering and UF for their input?

We will promote this event in our newsletter. Does the requester have a flier? I've copied Bladimir Campos from Sanitation so that he's aware of this email thread.

Hey Bladimir, I hope you are doing well. Hamilton High School is having a community beautification day and will have several trash bags that need to be picked up at the end of their clean up this Saturday. Is there anything you can do to have Sanitation collect the refuse?

Thank you,
Joseph

Hi Kimberly and Joseph,

Please find photos of the trees and sidewalks below. We love the trees and by no means want them removed, but wonder if there may be resources to remedy the sidewalk/pedestrian hazard?

I have included the school's plant Manager, Delshaune Clark, and our Beautification Team by copy here as well.

Thank you so much for your time and consideration.

Joseph, I've copied Teresa Dahl on this email. She is the chair of the beautification team and a parent at Hamilton High. Teresa, please see Joseph's requests for additional information in regards to assisting with outreach for the event and the overgrown tree issue:

From Joseph: "It's unlikely that Urban Forestry will want to do anything with these trees since they are healthy albeit it's causing a serious pedestrian issue. Can you please send photos to us that we can send to Engineering and UF for their input?"

We will promote this event in our newsletter. Does the requester have a flier?"

Thanks, everyone, for the coordination!

Good evening Officer Baker and members of Paul Koretz Office,

Unfortunately I am reaching out to you today as I am walking my dog this evening (about 10:00pm Sunday March 17,2019) and noticed that the porta potty at Irv Schachter Park is laying horizontally on its side.

*** This is a health and safety issue as there most likely is human waste that has shifted and needs to be resolved ASAP Monday morning March 18,2019!!***

For over 2 years my neighbors and I have expressed verbally and in writing our concern about Irv Schachter park being a hangout after sundown for unwanted visitors and unwanted activity. As I write this email there are 3 male individuals probably in their late teens or early 20s mingling in the Park and two cars that just pulled up with more of their friends.

I am respectfully requesting that my neighbors and I be connected with a representative from la city parks and recreations and that a meeting be immediately setup to address the lacking maintenance by the city of this recently renovated community park with children's play equipment and how the neighbors can partner with la city to lock and unlock the park gate at sunrise and sunset. We believe we have the legal right to assist in enforcing the city park access rules that state it may only be used during daylight hours.

Please Reply To This Email To Confirm Your Receipt

We look forward to hearing from you,

Best Regards

Good Morning Bladimir,

I hope that you had a great weekend. Can LASAN please investigate and sanitize the area where the portable toilet was knocked over at Irving Schachter Park (2599 Beverwill Dr)? Hazardous materials are involved and we appreciate anything you can do to address this today.

Thank you,

Joseph

I called United which is the company that owns the ports potty and they said they would send a rep out to stand it back up and clean inside and out.

The bigger issue is the evening activity at this public park. Who can you contact to get this matter addressed

Hello all,

An update on the Irvine Schachter Park portapotty:

Our ER team responded to this location at approximately 1500h. The portapotty was upright and moved to the side upon WPD's arrival. Some staining was found nearby and it was sanitized with a bleach/water solution. No solid biohazardous waste was found.

WPD called the portapotty company (United) labeled on the side of it, and United is planning on removing the portapotty by tomorrow. Caution tape was secured around the portapotty by WPD.

Please let me know if you have any questions or concerns - thank you.

Tue, Mar 19, 2019 at 1:22 PM

Hi Joel,

The Bureau of Sanitation responded to the location yesterday at 3 PM with the portable toilet upright and moved from its previous location. It was sanitized with a bleach/water solution. No solid biohazardous waste was found upon their arrival. The Bureau also contacted United Site Services and was informed that the portable toilet will be removed today.

With regards to locking and unlocking the pocket park, it may be something that ACS Security can be responsible for but we will need to discuss this with the Department of Recreation and Parks to see if they are open to this. I'll follow up with you next week once we've had a conversation with their Department. Please let me know if you have questions.

Hi Richard, I hope you are doing well. We got a report that this tunnel, which goes under Olympic Blvd. at Selby in West LA, once again has got all sorts of trash and human waste/urine. It's used by kids to get to the elementary school on the north side of Olympic. Can you please send someone out to take care of it? And I can submit it through the website or hotline, if you prefer that.

Thanks very much,

Debbie

Hi Bladimir,

Complaint received, we will dispatch a team to investigate and remove health hazards where applicable.

Regards,

Dear Aviv and Bladimir,

On behalf of the West Valley Jewish Community, I would like to thank you for arranging the large dumpster. The doors provided easy access, which was much appreciated by everyone.

Wishing you continued success in all that you do for the larger community.

All the best,

Rabbi Dovid Horowitz

It was our pleasure Mr Horowitz.

Your kind words are much appreciated.

With kind regards,

Bladimir Campos
